

Illawarra Fly Fishers' Club Inc.

Presents an evening with

MARK WALLACE

Dear Member of Illawarra Fly Fishers' Club,

The Management Committee is pleased to confirm that Mark Wallace will be the club's guest speaker at its July meeting.

Mark, his wife Christine and two young sons reside in Te Aneau, New Zealand and are the Principals of a company called Fiordland Outdoors, also based in Fiordland (see the accompanying brochure). From humble beginnings and displaying a great deal of forethought and initiative, Mark and Christine have grown the company to a multi-faceted outdoors and adventure based outfit offering all manner of services to those experiencing the wilderness and outdoors environments of both Southland and Fiordland; these services include water taxi services on Lake Te Aneau, guided bushwalking tours, jet boat tours on the Waiau River and more important to IFFC, fly

fishing on the Waiau using the company jet boats to access spots inaccessible by foot.

For many years Mark also worked throughout the lobster fishing season on a boat fishing the South West coast of the South Island and in this capacity he also appeared in one episode of the "Coast New Zealand" television documentary series. However the demands of Fiordland Outdoors has allowed him to retire from that vocation.

Mark will be in Australia at the invitation of IFFC to fish the Australian Salmon run at the end of June and being an excellent angler in his own right, he is quite excited about his first foray into salt water fly fishing.

Given that Mark will have travelled a long way to speak to the Club, please consider making the effort to attend on the night and making him feel welcome. You will certainly be entertained on the night hearing of fly fishing in the heart of some of the best fly fishing in the world.
